AP 4 Online can only be taken after your home study is complete or you have finalized an adoption.
You will receive 8 hours of training for your one-year recertification training requirement, if you are an active family.

AP 4 Online is a Four Module Class:
Introduction, Empowering, Connecting and Correcting.
They must be taken in this order. & you must complete one before you can start the next one.

Each module will consist of
videos with questions watched at home on www.edpuzzle.com

You will be sent a Family Plan for Modules 2, 3, & 4. This form is for your use to take notes on and help you develop a family plan for your family. Not all sections on the form are covered. Some of the items on the form are not discussed in the videos but will have been covered in other classes, in The Connected Child book or in conversations with your social worker. If you have any questions or would like to further discuss any items in the videos or on the Family Plan form, you are welcome to email Karen Wood our Intervention/Education Social Worker or speak with your assigned social worker. Karen Wood is available to help families implement TBRI in their homes. Please feel free to reach out with questions or for clarification. karenwood@fcadoptions.org
